

Mastering Anterior Multiple Unit Techniques

Advanced Level - 2 day course

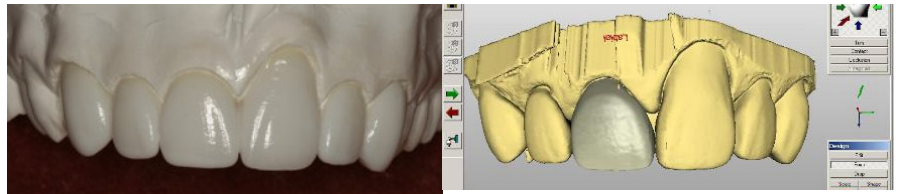

Objectives:

1. To learn to execute Multi-Anterior Restorations in Single Visits on this 2 day anterior course.
2. To learn the principles of 'smile design' and how to apply them to Direct Mock-Ups and Wax-Ups.

Learn how to achieve Natural Translucencies for both Crowns and Veneers. How to gain shade control with advanced Stain, Glaze and Characterisation methods on both Vita and Empress blocks.

Learn how to use 'jigs' to ensure perfect 'Multi-Unit' Correlation directly from 'Mock-Ups' or 'Wax-ups'

Discover the correct Tooth Preparation Style for Anterior CEREC® Crowns and Veneers. Learn the Design, Workflow, Finishing and Cementation techniques to ensure your case proceeds smoothly on the day.

See the Whole Process, start to finish with a Live Patient smile 'Make Over' case.

This is a very 'Hands-On' course and is limited to just **10** practitioners.

Only £995 plus VAT per delegate
